## ELCOM BASIC RACK PDU

Efficient & Reliable Solution  
for Rack Power Distribution

Elcom is an industry leader in manufacturing and supplying cost effective Basic and Metered Rack Power Distribution Units. Elcom PDUs are configured to exactly your needs so as to ensure that the power is reliably delivered to the mission-critical equipment racks.

**Elcom Designs, Develops, Manufactures & Delivers  
competitively priced customized PDU solutions...FAST**

## PDU's Built for You

Elcom's in-house ecosystem yields more reliable rack power distribution solutions with faster turn-around-time.

Easily select from the pre-defined PDU's or let us design a Custom Configuration that exactly meets your needs.

### Product Snapshot

- Vertical & Horizontal Configurations
- 100 V to 415 V models, 1 Phase and 3 Phase, 15 Amp & higher
- With or without Metering, Surge Suppressors, EMI/RFI Filters
- Color-coded outlets

The details given in this flyer are generic. Elcom International Pvt. Ltd. does not take any responsibility of its incorrect or unintended interpretation. Product Specifications are subject to change without any notice. The same shall be updated from time to time when products get upgraded and new features become available. Prior to purchase, please insist for a Technical Datasheet of the Product and make sure that the specifications match with the user requirements.

### About Elcom

We innovate to create value for all by providing high quality technology products and services. We are No. 1 amongst the Indian PDU Manufacturers with complete eco-system built in-house.

- Most components manufactured in-house
- Complete control on PDU manufacturing
- Complete control over the technology due to embedded development managed in-house
- Greater ability to customize PDU configurations & offer best suited products for clients' needs
